ISABELLE
DE BORCHGRAVE

Isabelle has turned her imagination into an art that's accessible to anyone who wants to bring festivity into their home

De naam Isabelle de Borchgrave is vandaag niet meer weg te denken uit de wereld van mode, schilderkunst en papier. Maar ook de designwereld zou er zonder haar anders uitzien. Dankzij haar samenwerking met onder meer Serax is Isabelle erin geslaagd haar fantasie en verbeeldingskracht om te zetten in een kunstvorm die toegankelijk is voor iedereen. De papieren handgeschilderde collectie "Milieux de vos tables" is rechtstreeks geïnspireerd op Tunesische en Koptische keramiek.

Aujourd'hui, le nom d'Isabelle de Borchgrave fait partie intégrante du monde de la mode, de la peinture et du papier. Mais, le monde du design aurait également été différent sans elle. Grâce à sa collaboration avec entre autres Serax, Isabelle a réussi à transposer sa fantaisie et son imagination dans une forme d'art accessible à tous. La collection en papier peinte à la main "Milieux de vos tables" est directement inspirée de la céramique tunisienne et copte.

Today, it is impossible to imagine the world of fashion, painting and paper without the name Isabelle de Borchgrave. But the designer world would also look quite different without her in it. Thanks to her cooperation with, amongst others,

Serax, Isabelle has succeeded in turning her fantasy and imagination into an art form that is accessible to everybody. The hand-painted paper collection 'Milieux de vos tables' was directly inspired by Tunisian and Coptic ceramics.

Oggi come oggi non è più possibile pensare al nome di Isabelle de Borchgrave senza associarlo al mondo della moda, della pittura e della carta. Ma lo stesso mondo del design non sarebbe lo stesso senza di lei. Grazie alla sua collaborazione con Serax, Isabelle è riuscita a tradurre e concretizzare la propria fantasia e immaginazione in una forma d'arte accessibile a tutti. La collezione in carta dipinta a mano "Milieux de vos tables" si ispira direttamente alla ceramica copta e tunisina.

Der Name Isabelle de Borchgrave ist heute nicht mehr wegzudenken aus der Welt der Mode, der Malerei und des Papiers. Aber auch die Designwelt wäre ohne sie nicht das, was sie heute ist. Dank ihrer Zusammenarbeit mit u. a. Serax ist es Isabelle gelungen, ihre Fantasie und Vorstellungskraft umzusetzen in eine Kunstform, die für jeden zugänglich ist. Die handbemalte Kollektion aus Papier "Milieux de vos tables" wird geradewegs inspiriert von tunesischer und koptischer Keramik.
