Vincent Van Duysen (1962) is one of Belgium's most acclaimed architects, interior designers, and product designers. After studying architecture at Sint-Lucas in Ghent, he gained a few years' experience with major players such as Aldo Civuc and Jean de Meulder. In 1990, he launched his own studio in Antwerp, where today, a team of more than 20 architects and designers helps to promote his vision. A vision that stems from an unbridled curiosity, focussing on the creation of an all-embracing atmosphere. Environment, architecture, interior, and design objects, everything is completely intertwined. His style

builds on purism and a sophisticated use of materials. Timeless designs, reduced to their very essence. Respecting tradition, he translates antique and vintage art and architecture into the design language we understand today. The emphasis is always on aesthetics, comfort and convenience. His designs steer clear of trends. They never clamour for attention, they simply stand out naturally for their simplicity and tranquillity. This is not only reflected in his designs for international companies such as B&B Italia, Poliform, Molteni&C, Paola Lenti, and Viccarbe, but also in his Passe-partout collection for Serax.

With a vision that results from an unbridled curiosity, Vincent Van Duysen always creates an all-inclusive atmosphere in which he seamlessly interweaves architecture, interior design, and design objects. A vision to which he also stayed true when he was commissioned to convert the monastery of the former military hospital in Antwerp into a hotel. For the terrace he designed the Outdoor collection, a series of minimalist outdoor furniture that effortlessly link the history of the environment to a modern interpretation.

The Outdoor collection by Vincent Van Duysen for Serax is made of aluminium and it is available with a black, eucalyptus green or sand powder coating. This makes it suitable for both indoor and outdoor use. The chairs, lounge chair, tables and sunbeds articulate the sheer simplicity of the monastic life they were inspired by. The wider, slightly lower proportions are of this day and age and contribute modern-day comfort.

## August - **Sun Lounger**

The outdoor August collection designed by Vincent Van Duysen has been extended with a stylish sun lounger. Typical of Van Duysen's style, the design has been reduced to its essence,

without losing any of its strength. Available in powder coated aluminium in three colours: black, eucalyptus green and sand.

Vincent Van Duysen is known for his ability to seamlessly translate sheer minimalism into comfort in his own unique way.

Practical cushions that match the August sunbed, suitable for use outdoors. Available in three colours; black, green and white.

## August - **Dining Chair**

The chairs from the Outdoor collection of Vincent Van Duysen for Serax assume the archetypal shapes of the monastery they were inspired by. Stripped down to the essence, but with contemporary proportions. The slightly wider seat and backrest

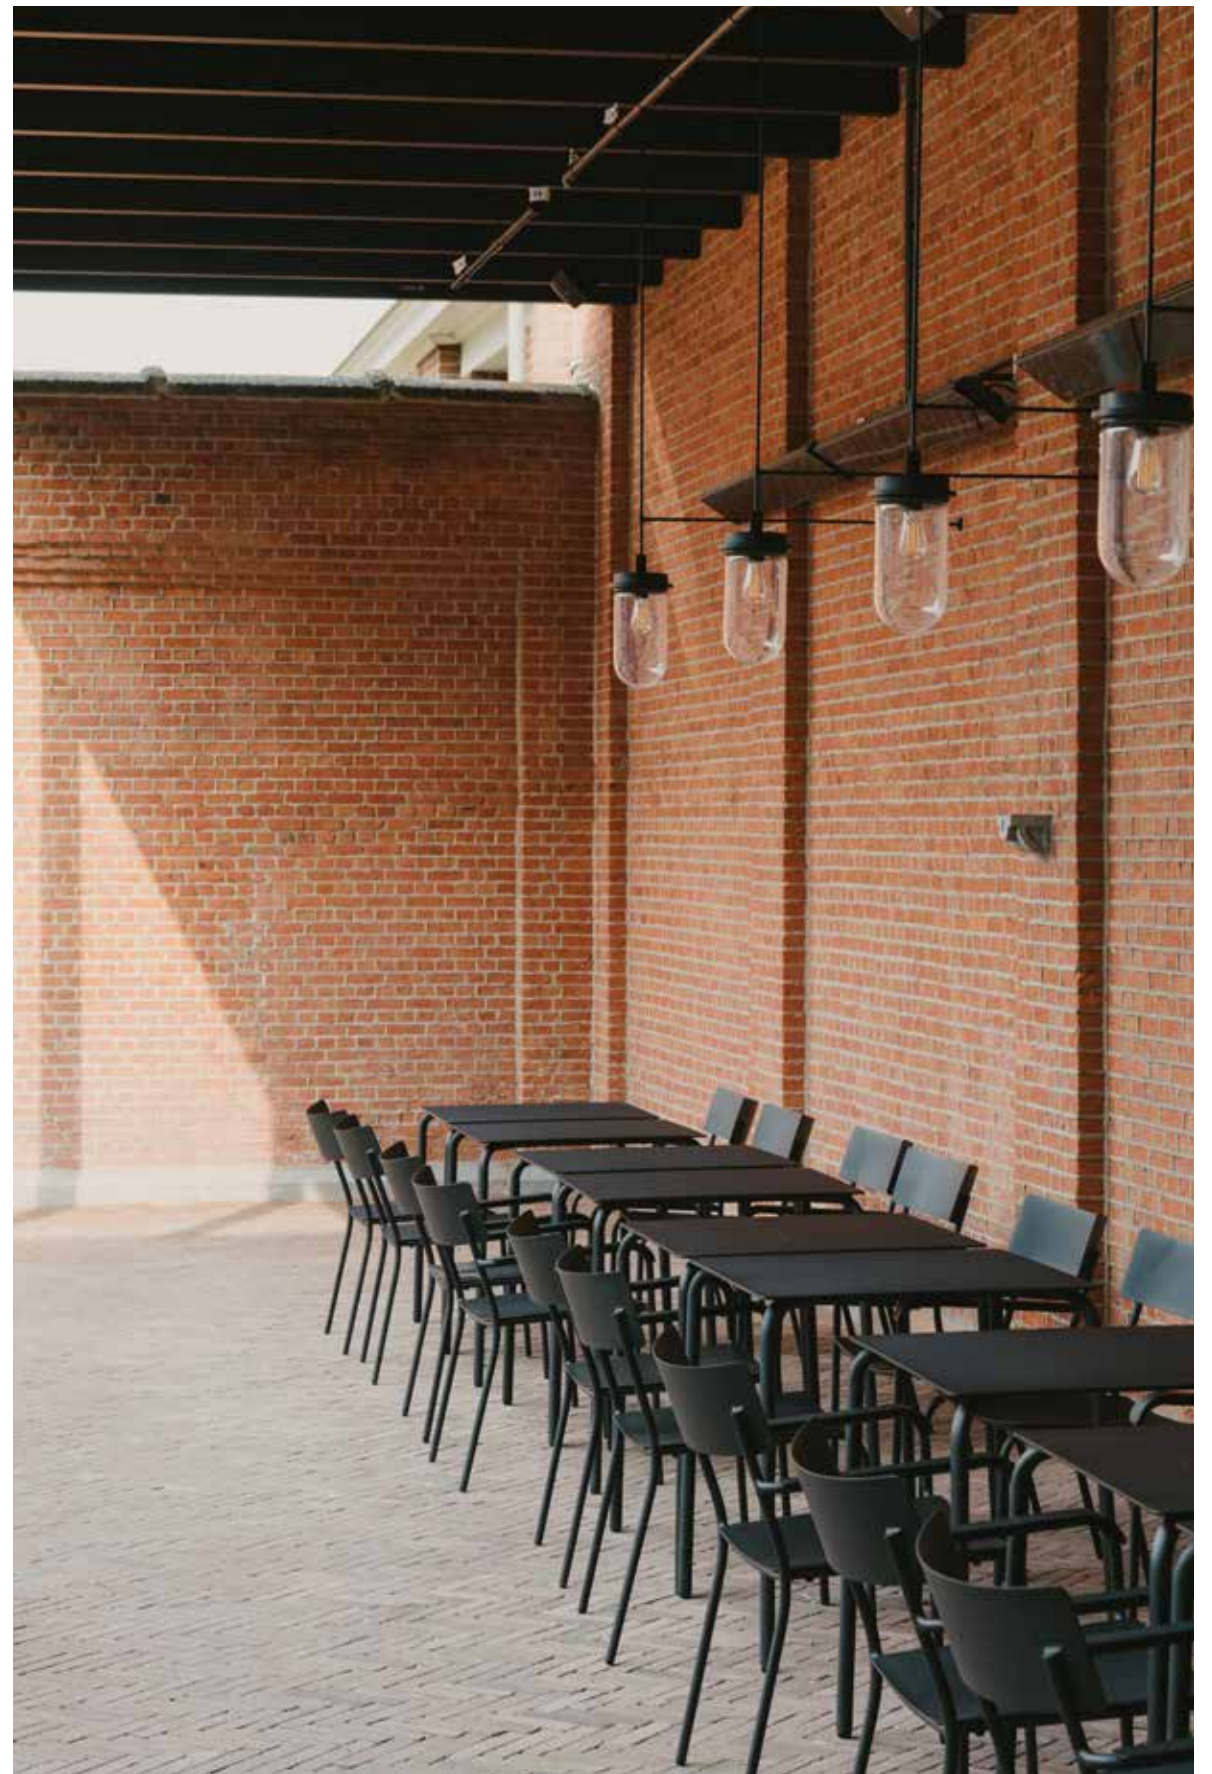

ensure optimum comfort. The black, eucalyptus green or sand powder-coated aluminium is weatherproof, allowing the chairs to be used both indoors and outdoors. hairs to be used both indoors and outdoors.

August - **Lounge Chair**

Vincent Van Duysen is known for his ability to seamlessly translate sheer minimalism into comfort in his own unique way. The look of his Outdoor lounge chairs for Serax originates from the simple monastic life of the previous century, but the proportions and small details belong to the present. The interior architect has mounted additional supports on the armrests, and the seat and back are slightly curved so that they perfectly follow the outline of your body. The weatherproof lounge chairs are made entirely of black, eucalyptus green and sand powder-coated aluminium and can be used both indoors and outdoors for a wonderful moment of relaxation.

## August - **Dining Table**

Vincent Van Duysen's vision is unambiguous: a design object should never clamour for attention, it should be at one with its surroundings. And that is precisely what his outdoor collection for Serax does. The minimalist aluminium table with black, eucalyptus green or sand powder coating was given a strong, pure design: a frame with slim, tubular legs, and a straight

rectangular tabletop. Free from any unnecessary details, and in subdued tones. When covered with colourful dishes, however, it comes to life, and the contrast creates a special atmosphere. With the matching chairs you can enjoy a cosy lunch or dinner, both indoors and outdoors.

"Stripped down to the essence, but with contemporary proportions."

– Vincent Van Duysen
